

The Cornish Are All Around Us

And it's not surprising when we recall the story of the great migration of 250,000 people who left Cornwall and moved to every part of the world between the years of 1815 and 1915...

And to remind us of our native land we have award winning pasties

Together with

John Sleeman launched his namesake brewery in 1988, using updated versions of recipes developed at various breweries operated from 1836 to 1933 in Cornwall and Ontario, by his great-great- grandfather John H. Sleeman, great-grandfather George Sleeman, and other Sleeman family members.

John Sleeman Named to Order of Canada

And for those special celebrations ...

And always, our own troubadour to lead us in song....

Heather Dale + Ben Deschamps

Heather Dale is our own traveling troubadour. For many Christmas parties and flag raising ceremonies, Heather has led us in a rousing rendition of Trelawny. And many enjoyed Heather and Ben's music during the TCA 25th Anniversary celebrations.

In the lockdown of 2020, Heather and Ben invited us to join them at their online concert one quiet Sunday. Here, we saw Heather as she arrived at Camelot and shared her stories in King Arthur's court. In her words, all ages were most welcome – so we snuggled up by the fire and enjoyed these magical songs of chivalry and mystery!
