TCA E-Transfer Process

The TCA can now accept membership fees by Interac e-transfer through the Canadian Banks' Interac payment system. All major banks are members of 'Interac'. You may already be making payments using Interac but if this is your first time use of the service, this is what is required.

To access the system you must have on-line Bank access with Interac transfer, with your email address set up in your Bank profile. If you are unsure if you can do e-transfers or would like to start doing them, please consult with your Bank. The service should be free. This is a great advantage, no costs to you for your cheque, your envelope, and postage stamp! TCA does not get details of your bank account – account number or bank balance.

When you have logged into your on-line Bank account go to the Interac/e-transfer section to set up a contact or recipient. The new recipient / contact form asks for:

- TCA's 'recipient / contact name' is 'Toronto Cornish Association'
- Recipient / contact email address is 'torontocornishtreasurer@gmail.com'
- Method of notification, set to email
- Recipient / contact phone number – leave this section blank as it is for text notifications which TCA does not use)

Once you have set up a new recipient / contact go to the Interac e-transfer send money section. Here you may be prompted for the following:

- From your recipient / contact email list select 'Toronto Cornish Association'
- Enter the amount you are paying
- Select which Bank account to pay from
- Note a password is not required, as TCA auto-deposits e-transfers into the TCA account
- In the message box please enter;
 - Your name (or names if this is a family membership)
 - If you are making a donation enter the donation amount
 - **IMPORTANT TO WRITE YOUR NAME IN THE MESSAGE BOX AS THIS TELLS THE TCA WHO IS PAYING!**
